

LIST OF SUBMITTED PUBLICATIONS

page number in
bound volume

1. T.P.Hoar and D.J.Arrowsmith, "An instrument for the continuous measurement of stress in electrodeposits", Trans IMF 1957, 34, 354-363. 1
2. D.J.Arrowsmith, E.A.Culpan and R.J.Smith, "The change in structure and internal stress in the anodic oxide on aluminium during anodizing", Proc Internat Symp on Anodizing Aluminium, Aluminium Federation 1967, 17-25. 11
3. D.J.Arrowsmith, "The influence of surface preparation on anodic film formation", Proc Internat Symp for Anodized Aluminium, European Wrought Aluminium Association, Paris, 1969, 147-151 and 14a-14j. 20
4. D.J.Arrowsmith, "Adhesion of electroformed copper and nickel to plastic laminates", Trans IMF 1970, 48, 88-92. 35
5. D.J.Arrowsmith, "Aspects of adhesion", Prod Finish 1971, 24, (1), 40-44. 40
6. D.J.Arrowsmith, D.J.Hubbard and P.J.Norris, "Reduction of porosity in gold electrodeposits", Proc Ann Tech Conf IMF 1971, 1-7. 45
7. E.A.Culpan and D.J.Arrowsmith, "The chemical polishing of aluminium", Trans IMF 1973, 51, 17-22. 55
8. A.W.Clifford and D.J.Arrowsmith, "The incidence and avoidance of gassing defects in chemical and electropolishing of aluminium", Trans IMF 1978, 56, 46-50. 61
9. Valerie Johnson and D.J.Arrowsmith, "The influence of selective area plating on the mechanical properties of plated plastics", Trans IMF 1978, 56, 87-91. 66
10. D.J.Arrowsmith, A.W.Clifford and J.C.Crowther, "The control of transfer etch in chemical polishing of aluminium", Trans IMF 1979, 57, 89-92. 71
- 10a. D.J.Arrowsmith, "Short contribution on transfer etch on chemical polishing of aluminium", Trans IMF 1982, 60, 120. 75
11. D.J.Arrowsmith and A.W.Clifford, "The influence of copper on the electropolishing of stainless steel", Trans IMF 1980, 58, 63-66. 76
12. D.J.Arrowsmith and P.J.Cunningham, "Chemical polishing of aluminium in ammonium hydrogen difluoride—nitric acid", Trans IMF 1980, 58, 132-136. 80
13. D.J.Arrowsmith, P.J.Cunningham, J.K.Dennis and E.Survila, "Icing on electropolishing aluminium", Trans IMF 1981, 59, 13-16. 85
14. D.J.Arrowsmith and P.J.Cunningham, "Nucleation and growth of hard anodic oxide on aluminium", Trans IMF 1982, 60, 5-8. . 89
15. D.J.Arrowsmith and P.R.Sliwinski, "The initiation of chemical polishing of aluminium", Trans IMF 1982, 60, 54-56. 93

16. Geraldine Brown and D.J.Arrowsmith, "The colour of gold electrodeposits measured spectrophotometrically", Trans IMF 1982, 60, 81-83. 96
17. D.J.Arrowsmith and Geraldine Brown, "The colour of gold and gold alloy electrodeposits", Trans IMF 1983, 61, 1-8. 99
18. Valerie Piddock, B.Mahmoudian and D.J.Arrowsmith, "Some factors affecting the colouration of stainless steel by immersion in a mixture of hot chromic and sulphuric acids", Trans IMF 1983, 61, 93-96. 107
19. D.J.Arrowsmith and A.W.Clifford, "Morphology of anodic oxide for adhesive bonding of aluminium", Int J Adhesion and Adhesives 1983, 3, 193-196. 111
20. D.J.Arrowsmith, J.K.Dennis and P.R.Sliwinski, "Chromate conversion coatings on aluminium: growth of layers of spherical particles", Trans IMF 1984, 62, 117-120. 115
21. A.W.Clifford and D.J.Arrowsmith, "Surface pretreatment of aluminium and aluminium alloys prior to adhesive bonding, electroplating or painting", UK Patent 2 141 139 (1984). 119
22. D.J.Arrowsmith and A.W.Clifford, "A new pretreatment for the adhesive bonding of aluminium", Int J Adhesion and Adhesives 1985, 5, 40-42. 124
23. D.J.Arrowsmith, A.W.Clifford, D.A.Moth and R.J.Davies, "The adhesive bonding of aluminium-lithium alloys", Aluminium-Lithium Alloys III (Proc 1985 Oxford Conf), Book No.358, The Institute of Metals, 1986, 148-151. 127
24. D.J.Arrowsmith, A.W.Clifford and D.A.Moth, "Phosphoric acid anodizing", Trans IMF 1985, 63, 41-46. 131
25. D.J.Arrowsmith, J.K.Dennis and P.R.Sliwinski, "The influence of metallic ions on chromate-phosphate conversion coatings on aluminium", Trans IMF 1985, 63, 110-114. 137
26. D.J.Arrowsmith, 16th Hothersall Memorial Lecture, "Seeing is believing on surface treated aluminium", Trans IMF 1986, 64, 6-15. 142
27. D.J.Arrowsmith and D.A.Moth, "Chromic acid anodizing", Trans IMF 1986, 64, 91-93. 152
28. D.J.Arrowsmith, A.W.Clifford and D.A.Moth, "The fracture of anodic oxide formed on aluminium in sulphuric acid", J Mater Sci Letters 1986, 5, 921-922. 155
29. D.J.Arrowsmith and D.A.Moth, "Pore penetration by adhesives in anodized aluminium", Trans IMF 1986, 64, 163. 157
30. D.J.Arrowsmith, "The colour of electroplated golds", Gold Bulletin 1986, 19, 117-122. 159
31. D.J.Arrowsmith and A.Maddison, "The use of perforated lap shear specimens to test the durability of adhesive bonded aluminium", Int J Adhesion and Adhesives 1987, 7, 15-24. 165

32. D.J.Arrowsmith, D.A.Moth and A.Maddison, "AC Anodizing of aluminium in phosphoric acid", Trans IMF 1987, <u>65</u> , 38-44.	175
33. D.J.Arrowsmith and K.J.Lodge, "Gold powder production for thick film electronic applications", Trans IMF 1987, <u>65</u> , 120-126.	182
Selected original scanning electron micrographs from above publications	191
