

DECORATIVE AND FUNCTIONAL SURFACES

by

JOHN KEITH DENNIS

BSc, PhD, CEng, MIM, FIMF

Published work submitted in support of an application for the degree of

Doctor of Science

at

Aston University

NOVEMBER 1991

CONTENTS

All papers starred with an asterisk have been refereed		PAGE
1 *	J K Dennis & T E Such Trans Inst Metal Finishing, 1963, 40 , 60-73 Investigations into corrosion resistance of decorative nickel and chromium electrodeposits.	1
2 *	J K Dennis Trans Inst Metal Finishing, 1965, 43 , 84-96 The effect of the underlying metal on the internal stress and formation of microcracks in electrodeposited chromium.	1 5
3	J K Dennis Electroplating and Metal Finishing, 1965, 18 (11), 376-383 An investigation of the type of cracking in nickel/chromium coatings induced on deformation by extension.	2 8
4	J K Dennis & J J Fuggle Electroplating and Metal Finishing, 1967, 20 (12), 376-382 Electroplating and Metal Finishing, 1968, 21 (1), 16-21 & 36 Electronmicroscopy of electrodeposited nickel	3 6
5 *	J K Dennis & J J Fuggle Trans Inst Metal Finishing, 1967, 45 (5), 217-223 Applications of electronmicroscopy for the investigation of electrodeposited metals.	5 0
6 *	J K Dennis & J J Fuggle Trans Inst Metal Finishing, 1968, 46 (5), 185-193 The effect of metallic contamination on the structure and ductility of electrodeposited nickel.	5 7
7 *	J K Dennis & J J Fuggle Trans Inst Metal Finishing, 1970, 48 (2), 75-82 The effect of metallic contamination of electrodeposited nickel: Part II-Appearance and surface topography.	6 6
8 *	J K Dennis & J J Fuggle Trans Inst Metal Finishing, 1971, 49 (2), 54-62 The morphology of corrosion pits in decorative nickel + chromium coatings.	7 4

| 9 | J K Dennis
Proceedings of the European Metal Finishing Congress,
Amsterdam, March 1971, Paper 21, 1-21
Use of the scanning electron microscope to examine the
morphology of corrosion sites in decorative nickel +
chromium coatings. | 8 3 |
| 10 * | J K Dennis
International Metallurgical Reviews, 1972, 17 , 43-65,
(Review No. 160).
Decorative electrodeposited metallic coatings. | 9 6 |
| 11 * | J K Dennis & P Tipping
Trans Inst Metal Finishing, 1974, 54 (1), 5-18
Corrosion resistance of nickel + chromium coatings on ABS. | 11 9 |
| 12 | J K Dennis & P Tipping
Electroplating and Metal Finishing, 1974, 27 (11), 9-16
A Study of factors affecting peel adhesion of electroplated
coatings on ABS and polypropylene. | 13 3 |
| 13 * | P Tipping & J K Dennis
Trans Inst Metal Finishing, 1974, 54 (4) 133-142
Corrosion resistance of nickel + chromium coatings on ABS
and polypropylene. | 14 1 |
| 14 * | P Tipping & J K Dennis
Trans Inst Metal Finishing, 1975, 53 (1), 1-8
Tensile strength, ductility and impact strength of plated
ABS and polypropylene. | 15 1 |
| 15 * | J W Golby & J K Dennis
Surface Technology, 1981, 12 , 141-155
A Study of the effect of pretreatment procedures on the
plating of aluminium alloys. | 15 9 |
| 16 * | J W Golby, J K Dennis & A Wyszynski
Trans Inst Metal Finishing, 1981, 59 (1), 17-24
Factors influencing the growth of zinc immersion deposits
on aluminium alloys. | 17 4 |
| 17 * | J K Dennis, Mrs K Y Y Wan & S J Wake
Trans Inst Metal Finishing, 1985, 63 (2), 74-80
Plating on magnesium alloy diecastings. | 18 2 |

- | | | |
|-----|---|-----|
| 18* | J K Dennis, Mrs K Y Y Wan & S J Wake
Trans Inst Metal Finishing, 1985, 63 (3 & 4), 81-84
Plating on magnesium alloy diecastings - the role of
fluoride and pH. | 189 |
| 19 | F A Still & J K Dennis
Electroplating and Metal Finishing, 1974, 27 (9), 9-24
The use of electrodeposited cobalt alloy coatings to improve
the life of hot forging dies. | 193 |
| 20* | J K Dennis & F A Still
Cobalt, 1975, No 1 , 17-28
The use of electrodeposited cobalt alloy coatings to
enhance the wear resistance of hot forging dies. | 209 |
| 21 | F A Still & J K Dennis
Metallurgia and Metal Forming, 1977, 44 (1), 10-21
Electrodeposited wear-resistant coatings for hot forging
dies | 221 |
| 22* | J K Dennis, K J Lodge & F A Still
Trans Inst Metal Finishing, 1977, 55 (1), 17-22
Properties of cobalt-molybdenum and cobalt-tungsten
electrodeposits. | 230 |
| 23 | F A Still, J K Dennis & K J Lodge
2nd International Colloquium on Tool Steels for Hot Working,
National School of Mines, St Etienne, France, December 1977.
Paper XVI, 1-29
The application of wear-resistant coatings to hot forging
dies. | 236 |
| 24* | K J Lodge & J K Dennis, & D Jones
Trans Inst Metal Finishing, 1979, 57 (4), 164-168
Brush plating for wear resistant applications. | 265 |
| 25* | K J Lodge, F A Still, J K Dennis & D Jones
Journal of Mechanical Working Technology, 1979, 3 (1),
63-75. Paper presented at "First Moneyer International
Conference on Warm Working", Sunderland, 11-12
September 1978.
The application of brush plated cobalt alloy coatings to hot
and cold work dies. | 270 |
| 26* | J K Dennis & D Jones
Surface Technology, 1981, 12 , 57-73
Brush Plating. | 283 |

- 27 * J K Dennis & D Jones 300
Tribology International, 1981, **14** (5), 271-279
Brush plated cobalt-molybdenum and cobalt-tungsten alloys
for wear resistant applications.
- 28 J K Dennis 309
Metals Society World, 1984, **3** (4), 27
Brush plated cobalt-molybdenum and cobalt-tungsten
alloys for coating metal working tools.
- 29 * M Turner & J K Dennis 310
Trans Inst Metal Finishing, 1986, **64** (3), 94-98
Effect of mode of application on the formation of zinc alloy
films on aluminium.
- 30 * J K Dennis, M Turner & D R Eastham 315
Proceedings of Asia Pacific INTERFINISH '90, Singapore,
19-22 November 1990. Republished in Metal Finishing
1991, **89** (3), 23-27.
Brush Plating onto Aluminium Bearing Alloys
- 31 * D R Eastham, J K Dennis & M Turner 320
Proceedings of the Annual Conference of the Institute of
Metal Finishing, 24-26 April 1991, at Torquay.
Tin alloy coating of aluminium bearings by brush plating.
- 32 * J K Dennis, S T Sheikh & E C Silverstone 339
Paper presented at the International Congress on Metals
Engineering, Aston University, September 1981, Pub in
Trans Inst Metal Finishing, 1981, **59** (4), 118-122
Electroless composite coatings for wear resistant
applications.
- 33 * M Izzard & J K Dennis 344
Trans Inst Metal Finishing, 1987, **65** (3), 85-89
Deposition and properties of electroless nickel/graphite
coatings
- 34 * J K Dennis & El-Amin Galil Mahmoud 349
Tribology International, 1987, **20** (1), 10-17
Wear resistance of surface-treated hot forging dies.
- 35 * J K Dennis & K S Sagoo 357
Proceedings of Asia Pacific INTERFINISH '90, Singapore,
19-22 November 1990. Republished in Metal Finishing,
1991, **89** (6), 111-122.
Wear behaviour of engineering coatings and surface treatments.
